

## Quick and Easy Dessert

### **The dessert for "difficult-to-make-up-their-minds" guests**

Let's say each of your guests likes a different wine with dessert. How do you accommodate them with only one dessert? Here it is.

Purchase or make a New York style (or, for that matter, any style) plain cheesecake.

Now let's list the cheesecake with the wines:

Cheesecake with sliced tropical fruits (bananas, kiwi, mangos, papaya) on top served with Cedar Mountain Winery Chardonnay.

Cheesecake with chopped smoked almonds on top served with Cedar Mountain Winery Sauvignon Blanc.

Cheesecake with freshly ground black pepper on top served with Cedar Mountain Winery Cabernet Sauvignon.

Cheesecake with finely chopped chocolate on top served with Cedar Mountain Winery Cabernet Royale Port.

Cheesecake with crumbled Stilton or Blue cheese on top served with Cedar Mountain Winery Vintage Port.

Of course, you can just enjoy a slice of cheesecake by itself.
